

TRINITY INTERNATIONAL SCHOOL

ANNUAL REPORT 2025–26

Introduction "A very good evening to one and all present here. It is my distinct honor to heartily welcome you to the Annual Day celebration of **Trinity International School**.

I am privileged to present the consistent upward trajectory of our school's achievements. I would like to thank each of you for being a significant part of this glorious journey. While this report showcases our triumphs, it also serves as a moment of reflection, encouraging us to strive even harder where we see room for growth. We remain committed to creating an environment where young minds blossom through individual thinking and holistic development."

Academic Excellence "At Trinity, we believe that *'Learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great.'* The year 2025 commenced on a stellar note. Academic excellence remains our primary hallmark, and we are proud to announce that our **Class X Board Results were outstanding, achieving a 100% pass rate**. Key highlights of our academic year include:

- **CBSE Results:** From Nursery to Class IX, our students showed remarkable progress.
- **Distinctions:** Out of 280 students who appeared for internal examinations, 200 secured more than 70% marks with distinctions in various subjects.
- **Toppers:** In Class X, **Manpreet** emerged as the school topper. In Class V, **Master Lavyansh Kumar** achieved an incredible 99%.

Special Achievements & Outreach "We are delighted to highlight the achievement of our alumnus, _____, who won a **Silver Medal at the International Hindi Olympiad**. Such success serves as a profound inspiration for our current students. Furthermore, we have expanded our horizons this year:

- **Scouts and Guides:** Fulfilling our promise from the previous year, the Scout and Guide Wing officially commenced in the 2025–26 session. We have successfully registered our first batch, laying the foundation for a disciplined, service-oriented unit.
- **Health & Wellness:** Promoting hygiene, the school organized a **Dental Check-up Camp**. Professional dentists conducted screenings for all Scouts and Guides, emphasizing oral health as part of their 'Health' badge requirements."

EDUCATIONAL TOUR

"The world is a book, and those who do not travel read only one page."

To provide our students with practical exposure and a break from their academic routine, the school organized an **Educational Tour to Mount Abu**. This trip was a perfect blend of history, nature, and team building.

- **Learning in Nature:** Students explored the famous **Dilwara Temples**, marveling at the intricate marble carvings and learning about India's rich architectural heritage.
 - **Environmental Awareness:** A visit to **Nakki Lake** and the surrounding wildlife sanctuary helped students appreciate biodiversity and the importance of environmental conservation.
 - **Life Skills:** Staying away from home encouraged our students to develop independence, discipline, and a spirit of camaraderie as they shared experiences with their peers and teachers.
 - **Memorable Moments:** From the breathtaking sunset at Sunset Point to the evening bonfires, the tour was filled with joy and has left our students with memories they will cherish forever.
-

FOUNDATIONAL LITERACY & NUMERACY (FLN)

"The foundation of every great building must be strong, and the same applies to education."

This year, Trinity International School took a significant step by implementing the **FLN (Foundational Literacy and Numeracy) Program** for our primary wing. Recognizing that the early years are the most critical for a child's brain development, we have focused on ensuring that every child in Grades 1 to 3 achieves 'Foundational Literacy and Numeracy' skills.

- **Play-Based Learning:** We shifted from traditional rote learning to activity-based pedagogy. Using storytelling, rhymes, and educational games, we have made reading and writing an enjoyable experience.
- **Numerical Fluency:** Through the use of 'Math Kits' and daily life objects, our students are developing a deep understanding of numbers and basic arithmetic, moving beyond just memorization.
- **Teacher Training:** Our primary teachers underwent specialized workshops to master the 'NIPUN' guidelines, ensuring that our teaching methods are at par with national standards.
- **The Result:** We have observed a marked improvement in the reading speeds and logical thinking of our young learners, setting a strong base for their future academic journey.

Sports & House Spirit "In the words of the greats, *'To be a champion, you must believe you are the best; if you're not, keep trying.'* Sports and physical fitness are integral to our curriculum. Our students participated in various competitions throughout the year, bringing home medals and trophies. Our annual **Sports Week** was a particular highlight, showcasing the grit and talent of our young athletes.

To foster healthy competition and leadership, our students are divided into four houses: **TAGORE, MEERA, RAMANUJAN, and KALAM**. Managed by dedicated House Masters and Captains, these houses ensure that day-to-day discipline and inter-house competitions are conducted with spirit and system."

Staff Development & Infrastructure "The Trinity family consists of a dedicated team of educators and administrators. In the field of education, staying updated is the key to success. Our Principal and teaching staff regularly attend workshops and training programs to stay at the forefront of modern pedagogy.

We have also significantly upgraded our facilities. Our Physics, Chemistry, Biology, and Computer Labs are now fully equipped with high-speed internet. Under our Smart Class Project, we have converted all classrooms into digital learning hubs, and this year, we are excited to introduce Extra Marks as a digital learning partner."

MOTIVATIONAL SEMINAR

"Fueling Minds, Empowering Souls"

To support our students' emotional and mental resilience, we organized a high-impact **Motivational Seminar** conducted by the renowned speaker, **Ms. Deepti Goyal from Jodhpur**.

- **Focus on Success:** The seminar was specially designed for our senior students to help them navigate the challenges of board examinations and career choices.
- **Key Takeaways:** Ms. Goyal shared powerful insights on time management, stress reduction, and the importance of a positive mindset. Her engaging storytelling and practical tips left an indelible mark on our students.
- **Impact:** The session was not just a lecture but a transformative experience that helped our students regain confidence and clarity during a crucial academic year. We are grateful to Ms. Goyal for traveling from Jodhpur to inspire the young minds of Trinity International School.

Conclusion "As we recount our successes tonight, we dedicate them to the collective effort of the team known as **Trinity International School**. School life is about joy and unity, as seen in our vibrant celebrations of *Guru Purnima, Janmashtami, Diwali, and Independence Day*.

I wish to acknowledge our Management for their guidance, our teachers for their tireless commitment, and our parents for their unwavering confidence in us.

I leave you with these words: *'Don't tell us the sky is the limit, when there are footprints on the moon!'*

Thank you. **Jai Hind!"**
